Baby Buster's Book

September 16: Today
Buster said his first
words. They were
"pride" and "spirit"

Out of all
of the people in
HS, you are the one
I'm going to miss the most.
We've gone through so much
together, working at the Bell,
talking on the phone for hours, talking together
about boyfriends and girlfriends, getting together
at all the parties last summer, and the coronation
dance. Remember your 16th Birthday Party, I got to
pick, 2 invites or cold Duck. We had our name, for each
other, Right, mug, mitha, see, and most of all Mi Amor lately
we haven't really had a chance to talk, we've both been so
busy, but you are very special to me, you always have been,
and you always will be. I remember the time you pulled me in the back of the
house (some party), to kiss me, because I forgot I'm Happy, I still have that button you gave me.
Happy when you did that. I forget, I don't know what to say, so many memories!
so many things are going through my head, I even some bad ones. Take care of yourself Oreke I'll love
you, or come over or something.
In case you
ever forget

DEDICATION

CAREER DIRECTION

We dedicate this year's Ceralbus to Glenna Thompson for her ceaseless devotion to the students of Burbank High School for 26 years.

Mrs. Thompson began teaching English at BHS in 1957. The high point of her 19 years as an English teacher was when she assisted the Drama dept. in producing a Shakespearian play. She was very gratified and had a great time helping with the production.

Since 1976, Mrs. Thompson became the work experience teacher, helping students find jobs and plan their careers. She conducts conferences with the students enrolled in work experience, and follows up by visiting students at their job sites.

Her hard work and endless dedication to BHS has been widely appreciated by not only the students but also by the staff.

OUR SCRAPBOOK

So, come look through the pages of our scrapbook full of memories, a scrapbook full of BHS, Blue and White, Pride and Spirit forever.

REGISTRATION DAY

On perhaps the three hottest days of the year seniors, juniors and then sophomores jammed the hallways of school and waited for their number to be called.

For seniors, the day was a breeze, most of them got every class they wanted or "had" to take.

Most juniors knew what to expect— which classes would be full, which teacher gave the most homework and how not to look like a dead person in their I.D. picture.

But for sophomores, the day was filled with, "here let me help you change your schedule," "come back after lunch" or "are there some people that some people with numbers before his?"

Registration day is one of the most important days of the year — the hottest, most aggravating, and most of all, the first chance for everyone to show off their new tan, new clothes and to talk away the time between numbers.

BULLDOGS HIT THE

Bulldog Pepsters Visit U.C.S.B.

On July 5th the entire Pep Squad piled into a bus and headed up to the University of California at Santa Barbara. They spent four days practicing, learning, and winning. Varsity Yell won a spirit stick for being the most spirited for the entire week. Small Flags won a special declaration and even JV Yell won a trophy for superiority. All their hard work and practice showed through every week and at every game as the BHS Pepsters cheered the Bulldogs to victory.

Hula girls? No, the BHS Pepsters going Hawaii at UCSB

Hallway decorating was a popular spirit activity at cheerleading camp

THE CAMP TRAIL

Ceralbus Staff Visits UCI

When their Advisor, Pat Andreoni, told Christine Forlano, Gail Swain, and Gina Oddo that they were going to Josten's Yearbook Camp at the UCI campus, they thought she was nuts. What would they do at a Yearbook camp?

Well, they learned how to write copy, design layouts, become better editors and they still had time to go to the beach, Knott's Berry Farm, have a pizza night, an ice cream social, a Toga Party, play dorm feud and make loads of friends.

Has their camp experience made a difference in the yearbook? Well, just turn the page and see.

Why are Gina and Gail smiling? They just left the boys dorm and watching "The Empire Strikes Back".

The girls from Ciudad include Gina, Gail, Christine and their friends from all over Southern California.

FRANCE

LaRayne Hall, had the unique opportunity of living with the Andre's in Aix en Provence, southern France this summer. She spent a month with this family, learning about French culture. Pictured, lower right, are Tory Cochrane, Renee Chase, Grace Koo, and LaRayne Hall, who met in NY on their return from France.

Memories

Remember when we were all sophomores.
It seems like yesterday we were kids
The times went by so fast,
but the memories will always last
We had so much fun, we were always on the run
We were running to parties,
and trying not to be tardy
The Burbank games were the best,
what was hard was all the tests
Our prom we will remember forever,
everyone being all together
We beat Burroughs it was great we know,
our Burbank pride will always show
Now that we are seniors we have to move on,
We have to remember the fun is all gone
Cause graduation is near, and our future is near
Even though the year went by fast
Always remember our memories will last!!!

I stayed there 16+ years before coming back to BHS to see if I could fit in better as a teacher than I did as a student. The courts were picked very carefully and voted on, and the choices were great.

A touch of class was the theme for the Coronation and a touch of class it was.

HOMECOMING

On the crisp evening of November 10, the processional rode their cars along the field on the Burbank vs Burroughs football game.

The King and Queen were followed by the rest of the Court, down the side of the stands, filled with cheering crowds with happy faces. Showing their pride in Burbank High, the Court waved and smiled at the crowd.

They stood out on the 50-yard line in their lovely gowns and tuxedos with smiles on their faces and happiness in their hearts.

To top the night off, we were victorious over Burrough High School. It was a night to remember.

CORONATION DANCE

Happy times and warm friendship make this year's Coronation Dance a memorable one. The laughter and the tears, the music and dancing were the settings for one of the most memorable occasions of the year.

The King and Queen were more than happy to receive their crowns with honor. The Coronation Court followed their steps

This is the seniors' last year, the Class of 1984, and the Coronation has given them something very special to remember.

Ohhh, Aww... I didn't know you could dance like that.

Ed crowns Greg. "I really thought that they would let me keep this crown."

Come on Dana, look up! They're going to take a picture of us.

A message for you from your President:

To the students of Burbank High:

The memory of high school will be with you for the rest of your lives; the games, the parties, the dances, and of course, all that work. I wish you all the best of luck in whatever you do, keeping in mind that the optimistic people are those who will achieve the most. Thank you for letting me hold this office; it's been a lot of fun. Keep the bulldog spirit and I'll see you around.

A NEW CAN DO FALL ASB!!

This year's ASB has contributed to changing the reputation of Burbank High School. Their motto is "The New Can Do A S.B!"

The name is just what it implies.

New, New ideas, New ways, New goals, New achievements!

Can Do: Can be successful, Can be spirited, Can Succeed!

ASB—Associating Student Body—

Associating ideas, spirit, and pride with the entire student body.

Through the guidance of ASB advisor Larry Auzene, ASB has accomplished many wonderous things. The luau dance for example, was a complete success. Over 350 people attended and over \$900 was made. Everyone had a blast! It was the best dance our school has had for a long time.

The reason that this was such a success was through the hard work, time, and ideas of ASB members, put together step by step, with the greatest of care.

Perhaps you've noticed changes at school things like living showcases, a true school spirit, entertaining assemblies, awesome dances, all with the help of ASB and the great people at our school. So if you see someone who made your school great, stop them, smile, and say, "Thanks!"

**President's message:

Thanks for a great year at BHS! I truly enjoyed being your spring semester ASB President. It was great fun seeing all of you so actively involved with school this year.

To all the seniors: See you in Hawaii, and to all of you Juniors and Sophomores, keep up the fantastic school spirit and enjoy your High School years!

Thanks again for making my year great!

Sincerely yours,
Todd Seidler — Spring

Spring Semester ASB started off with a BANG! They had the largest class in ASB history. Following FALL ASB is a hard act to follow and Spring ASB accomplished as many wonderful things as before. Most of the Fall ASB remained in ASB, though their office was different. It was good to see some new faces and fresh ideas and see that so many people who are interested in doing something good for the school.

Some of the events which were pulled through, included the February dance, the Talent show and the list goes on. This year ASB has set standards for other ASB's to follow. It has played a more active part in making this school what it is today A GREAT PLACE TO BE!!! It is not ASB alone that makes a school great though, it is the cooperation of the students, faculty, and administration. ASB helps to get people going, to get them interested in school and to take an active part in making changes.

ASB has helped in developing a terrific school spirit. They've made money, and lots of it. Spring ASB and FALL ASB have done a great job to keep this school out of the red financially.

Going For The Gold

Cast And Watkins Have What It Takes To Go All The Way

Just picture watching T.V. and seeing Americans walking away with gold medals in the 1984 and 1988 Summer Olympic Games. Well, it just may happen because B.H.S. has two very promising athletes. Caroline Cast and Todd Watkins. These two young people are working hard for a chance to be contenders in the Olympics. If Caroline and Todd make it, this won't be the first time Bulldogs will go to the Olympics. In 1964 Carhy Jean Ferguson was the recipient of 2 Olympic Gold Medals

1988 Is Four Years Of Practice Away

Even though Todd Watkins is only 17 years old he has a big idea of what he wants to do, he wants to participate in the 1988 Olympic Games in Seoul, S. Korea. Todd has been diving for the past 9 years, in both platform and spring board types. He spends 1 1/2 hours a day practicing, but still has time to be a cheerleader. The fact that

Cast and Watkins - people with a purpose

Todd also participates in school diving helps him with his working out and maintaining a good competitive edge. Todd has been in meets in Texas, Iowa, Indiana, Colorado, Arizona, as well as Germany. Not only has he traveled but he has won over 200 awards including CIF Championships.

Nine Years Of Practice Going Into 1984

Caroline Cast is 17 and she has been competing for 9 years in swimming. Caroline has already made the Olympic trials for 1984 and she is working out as hard as ever. Caroline practices in Industry Hills for 3 hours a day, plus she lifts weights and runs. Caroline hopes to let swimming take her to college and as far as it can. Even though she feels that she has missed out on many things, she feels that it has all been worth it. One of her most exciting moments was when she was interviewed on E.S.P.N. and saw herself on T.V., well Caroline has to get used to seeing herself on T.V. because the way she swims just may make the cameras roll in 1984.

VARSITY YELL GO!"

There was something different on the field this year. Male Cheerleaders were the exciting new attraction; Lance King and Todd Watkins, to be specific! Having guys on the Varsity yell squad enabled Varsity Yell to perform thrilling partner stunts!

Varsity Yell has had a lot of fun. During the summer, Yell went to cheerleading camp. The football games would not have been complete without the Varsity Yell. They did a great job and B.H.S. thanks the Varsity Yell Cheerleaders!

This year short flags were cut even shorter. There were only three short flag people but their performance was still great. The flags also went to cheerleading camp and won an award. They had lots of fun twirling their stuff.

BUSTER BULLDOG: MASCOT

A new attraction appeared this year! We had a mascot! A Bulldog of course! The Bulldog, Mike Wilke, was down there on the field with the cheerleaders. When the real Bulldog was unable to show, Greg Marchant or Linc Bandlow stepped into the Bulldog suit and substituted. BHS is truly grateful to have our mascot, and hopes to see him here again. The mascot is GREAT!

JV'S HAD A FUN YEAR!!"

The JV cheerleaders have worked hard to put on great performances during the year. Their performances take place at pep rallies, along with the Varsity cheerleaders, and at JV games. JV cheerleaders also appear in assemblies with the whole pep squad. Yes, the JV cheerleaders do a lot and their work is appreciated. After all, who else would dress up like a raisin and wish they were an Oscar Meyer wiener!

Drill team's been working hard to have their routines down to precision. They put their shows on during half time and in Saturday parades. Both the skill of drill team members and the help of Miss Krohn have made drill team what it is today. This year's team has won many awards and is really looking good!

Are you wondering who our future professionals are? Who are our future doctors, lawyers, dentists, presidents, ambassadors, Nobel Prize winners, garbage technicians, McDonald's managers, psychiatrists, professors, veterinarians, engineers and politicians??? They're in CSF! But, being in CSF is not all fun and games. You must have a 3.5 GPA, an academic schedule, attend at least 5 meetings, and complete a service project. This all takes many hours of time and devotion. CSF is not just all books though; they have events like the Christmas Tree raffle and service projects such as painting the lunch shelter benches blue and white. They visit colleges and, if they have been in CSF for at least 4 semesters one of which must be in their senior year, they proudly wear a gold tassle on graduation day! Burbank High thrives on the academic stimulation supplied by CSF, and we couldn't thrive without it!

CLUB

Z-Club is a service organization for high school girls. Each Z-Club is sponsored by a local women's Zonta International Club which aids them in many ways, including financially. Burbank High had the first Z-Club in the world, and we are proud to carry on the tradition by offering our volunteer hours in many ways. This year we have gone in costumes to St. Joseph's Medical Center to pass out Halloween candy, collected Thanksgiving food for the Burbank Temporary Aid Center, and had a candy fund raiser to collect money for the Sri Lanka, which we help sponsor. We will hostess holiday parties for military personnel with the help of the U.S.O. and have an Easter egg hunt for local underprivileged children. Burbank High Z-Club is made up of hard working girls who enjoy giving their time with only a "thank you" as a reward.

Want to know what club Robbie Hagerty says is the "finest club at school"? Do you want to know what club donates money and time to worthy causes? Do you want to know who is the "little brother" of the Burbank Kiwanis? It's K.I.W.S. CLUB of course. Yes through the great leadership of advisor Barry Azene, key club has been able to help the Spastic Kids Foundation and various school athletics. Key club has 2 hard working, devoted members. Their listing, the officers are as follows: President Robbie Hagerty, Vice President Greg Murphy and Sgt. at Arms Todd Sender. Key club is great and helps make Burbank High what it is today.

Key witness Roger M. Moore, who was a police officer at the time of the shooting, said he saw Murphy approach Hayes' truck and shoot him in the head. He also said he heard Hayes shout "I'm not afraid to die."

There is a daring club at our school — A club whose members enjoy the thrill and sheer excitement of downhill skiing. That's right, it's Ski Club. This year, Ski Club is associated with the Explorer Scouts. Their purpose: To have fun! To go on local trips including overnights and night skiing. They have gone to such wonderful places as Utah and Mammoth for their skiing pleasure. Remember, they're the few, the proud, the Ski Club!

PEP CLUB:

Maybe you haven't seen pep club around, but they're there! They are at all the games, basketball, water polo, track, cross country, football soccer, baseball, etc. They're at all the pep rallies and always participate in every school activity. They're so busy that they didn't have time to stand still to take this picture! Pep club really helps to make our school a better place. Remember, you might not see them, but their SPIRIT'S there!

No job money? Want to save money? Or do you just plain have nothing better to do? Well, that's what credit union is all about! You can open an account with the help of one friendly teller, or the Vergara or Annette Olmstead. You can switch your savings from week to week, the convenience of having a branch right in campus. They've been a year and a half, and remember, they're looking out for your best INTEREST!

AFS L to r. Berit Vestergaard Poulsen, Janine Lettmann. Carmen Torres, Advisor: Jane Thomas, Regina Soto, Maria Quezada, advisor: Gene Marsh, Bill Akmakjian, Tamara Boyd, Victor Alegre

Burbank High's AFS, YFU International Club provides sponsorship for students, both from the U.S. and abroad, to participate in an student exchange program. The club raises funds to help reduce the expenses of an exchange program. On December 14, club members went on a tour of LA. In order to show our visitors some historic and interesting sights, such as Olvera Street and Chinatown.

We have two exchange programs here at BHS. AFS American Field Service sent Bill Akma, an BHS senior to Lima Peru last summer. Randy Kolstad is spending his junior year in Denmark through AFS studying in Danish schools and living with a Danish family.

The second exchange program is YFU (Youth for Understanding). Jacqueline Yount returned in January '84 from a year in Australia with YFU, in time to graduate with her senior class here at BHS. Three YFU Exchange Students from all over the world are studying here at BHS this year.

Janice Lettmann, from West Germany, is living with Julie Buntin BHS soph. and her family. Victor Alegre, from Madrid, Spain, is living with the Vierra family and Berit Poulsen, from Denmark, is staying with the Gil family.

Two BHS sophomores are AFS finalists for placement in the Americans aboard program for the summer of '84. Tamara Boyd and Regina Soto.

Sponsors of the AFS, YFU International Club are Gene Marsh BHS Librarian and Teachers Jane Thomas, Diane Berger and Toni Cannon.

This year, it took the Hi-Life staff a bit longer to get any papers published but when they did, it was FANTASTIC! Due to technical difficulties the staff was unable to get anything printed. It took the Hi-Life staff a while to get off the ground. When they did, they were flying HIGH.

Even though, during the first semester, no papers were printed, it didn't mean that the staff sat around and made paper airplanes; instead they turned in articles, had deadlines to meet, pictures to take, paste-ups to do. The journalism class

worked carefully on articles and studied various types of stories. The paper is prepared outside of the assigned class work, and this shows how dedicated the staff really is. We are lucky to have a journalism staff of the high caliber of our Burbank High School Hi-Life staff. It is a difficult job to keep an entire school informed, and to catch every story that comes along. The job done by the Hi-Life should not go unnoticed! Thanks, Hi-life for being there to get all those Scoops!!!!

EDITORS

Editor in chief Kristina Forlano

Being the editor this year has been something I will remember for the rest of my life. I would like to thank this year's staff for spending many lunches in class working on deadlines when they could have been going to McDonald's. I'd also like to thank Mrs. Andreoni for believing that I could do the job. Thank you Ceralbus 1984, you've made the best book ever.

Theatre Workshop is a very fun group which meets every Wednesday. They discuss texts, stage, set pieces, and plays that they can do. In fact, every cast of Theatre Workshop can get on the big project for acting. Theatre Workshop is a great club for performing at these school musical productions at our school. They also have had such fund raisers as a pizza night, which they were to eat in industry bars, and a believe fund raiser. Theatre Workshop has a lot of great fun and exciting people in it and helps to make our school see a lot of the city and helps to get into the culture and arts eyes.

Barbershop too, performs at many filled benefits. They put their voices together to form a sound unique to themselves. With tenors so low and sopranos so high, they create an almost quadrophonic sound. This makes you appreciate that nature comes in stereo. They have a certain style and dress which has entertained many for a long, long time and still will with a little bit of whine.

GIRLS RUN UP A STORM

The girls' cross country team had a slow season this year. With a team total of six, only two of the girls had experience. Julie Christensen and Susi Pritchett were the two returning juniors. Girls cross country finished with a 2-7 record. They succeeded in beating Burroughs and they took Bellarmine Jefferson through forfeit.

SOPHOMORES WIN FOOTHILL LEAGUE CHAMPIONSHIP

J.V. RUNNERS SET THE PACE

Junior Varsity was a tough team all season long. They were the largest BHS cross country team, with Norm Green, Kevin Hasely, Francisco Chavez and Brian Williams as our returning runners. They finished with a successful 9-1 record.

Varsity Cross Country

The Varsity Cross Country had some bad luck this year with a lot of illnesses and injuries. Glyn Lister was their strongest runner until he pulled a muscle in his hip. Despite their bad luck, they finished with a 5-4 record. Coach Dave Kemp believes that if they had had fewer fatalities then they would have gone on to win the CIF Championship.

Our Sophomore Football Team played an excellent season. Team spirit and pride was shown with great enthusiasm. Their final record was 6-3-1. The most thrilling victory was over Burroughs with a score of 22-6. Frank Valdivia was voted the most valuable player in the Burroughs game. Coach Bill Zulager believes next year's Varsity team will be a strong team with the returning players from this year's Sophomore team. This year's captains for the team were Robert Jarrin, Mike Seidler, Carlos Quinteros, and Dan Gramly. Captains do many extra things for the team and all captains put in extra time for the team. This year's Most Valuable Offensive Lineman was Curt Liddiard and Mike Siedler was voted Most Valuable Offensive Back. The Most Valuable Defensive Lineman was Ray DeVally and Derrick Limbaga was the Most Valuable Defensive Back. The Coaches Award was given to Carlos Quinteros and Robert Jarrin. John Cowles and Rich Mailhot served as captains for the varsity team and did many extra things for the team throughout the season. Our Most Valuable Defensive Lineman was Mark Hooper while Tom Call and Ramiro Quinones were voted Most Valuable Defensive Backs. Derek Trabilcy was awarded Most Valuable Offensive Back and Gary Willison received the Most Valuable Offensive Lineman award. The Most Valuable Defensive Linebacker was Todd Siedler. Jon Huddleston and Alfredo Velasco received the Coaches Award this year and Dave Fortner was awarded with a special award from the National Football Foundation and Hall of Fame. Later in the year he will attend a banquet with other scholar-athletes and from there a final winner will be selected. This year there were two all-around Most Valuable Players. Derek Trabilcy and Gary Willison were the Most Valuable Players of the 1983 Varsity Football Squad.

THE BIG GAME

Burbank Vs.
Burroughs

Here they come Derek

On November 10, 1983, the unofficial champion of the City of Burbank was decided for another year, and to a great extent, the success of two teams' seasons was determined. While this game did not decide the league champion, it did, as it always has, have a great bearing on the feeling of accomplishment for the Burbank Bulldogs Football Squad.

While the Big Game between Burbank and Burroughs High Schools does not receive the publicity or attendance of some of the older rivalries in Southern California, or those between larger schools, it might as well be the Super Bowl, Rose Bowl and USC vs Notre Dame all wrapped up in one to those who have played, cheered or coached in one of these games. The games have brought excitement to all involved in their 35-year history, and left many very special memories.

The rivalry has been intense from the very first game in 1949, and it rarely matters which team is favored to win — there have been almost as many upsets in the series as there have been favored winners. The typical high school pranks, such as the kidnapping of mascots and school signs, the changing of Bur-

bank's "B" on the hill to a "JB", and back again, offering the other school for sale on local radio stations and "tee-peeing" the opponents school, have only served as fuel and keep the rivalry alive.

November 10th's game featured the 4-5 Bulldogs vs the 7-2 Indians. The game was played with the intensity of a league championship game. It had been six years since Burbank stole the victory from Burroughs. Derek Trabiley scored two touchdowns, Joe Cofre scored one touchdown and Alfredo Velasco kicked the winning field goal with the clock displaying 0:00. Burbank fought back twice to tie the score at 7-7 and 14-14, and took the lead into the fourth quarter, only to see the Indians bounce back and score a touchdown of their own. But, the Bulldogs never give up and Derek Trabiley carried the ball eight consecutive times to set up Alfredo Velasco's 20 yard field goal to score the next three points. Burbank finished with a 5-5 overall record and a 2-3 in the league while Burroughs finished with a 7-3 overall and a 3-2 in league. The final score of 24-21 will go down in history like every other Burbank vs John Burroughs game.

TENNIS: SWEAT AND... TEARS?

NOT YET!

The pre season tennis games this year went well. The Burbank High Varsity Team was undefeated, with only San Marino giving them heated rivalry. As most of the team are underclassmen, many good players will be returning to the team next year, which is hopefully going to be one of their best. Good-luck to the tennis players — present and future!

Even though they began the season with injuries to Cathy Zak and Janine Cochran, the Varsity team was able to make it to CIF, where they met up with a top flanked Antelope Valley. After losing 2, winning 2, and being tied up 14-14 for several series, A.V. finally came up the winners, but not without a tremendous fight by the Varsity team and Most Valuable Player Lise Groth. J.V.'s Spike Beverly Hills In Unprecedented Victory

This year's Junior Varsity team had a very successful season in three ways: 1) their overall record (11-5), 2) their established precedents (a win over Beverly Hills), 3) their development as a team.

Even though the team was comprised of new players, they showed that they had the stuff to beat the never-been-beaten-before Beverly Hills team. With Most Valuable Player, Lesley Plank, Most Inspirational, Shannon Scribner and Most Improved Chris Dilibert, the team made a great J.V. season.

This image shows a severely faded and overexposed document. The text is completely illegible due to the poor condition of the original paper. The paper itself is a light cream or off-white color, showing significant signs of aging and damage. There are dark, irregular smudges and areas of discoloration across the entire surface. The faint outlines of what might have been tables or lists are visible as dark, horizontal bands of texture. No specific words, names, or numbers can be identified.

I am sending you thought of the
time when I expect you will be
here as well as the Brightwell
and the old Standard Road a natural
haven.
